

## National Science Day Celebrations - 2019

Figure 1 Andhra Pradesh map

Andhra Pradesh Space Applications Centre (APSAC) is an autonomous scientific organization with ISO 9001-2015 certified under ITE & C Department, Government of Andhra Pradesh. APSAC is the nodal agency for remote sensing, GIS, GPS and Geospatial applications in Andhra Pradesh. The organization main moto is essential for common citizen of the state and country to come forward and use Science and more particularly Space Science for the betterment of the society in a holistic manner.

APSAC conducted National Science day Celebrations program in collaboration with Andhra Pradesh Natural History Parks and Museums Trust, Visakhapatnam (AP-NHPM), Visakhapatnam Metropolitan Regional Development Authority (VMRDA), Forest Department, Govt. of Andhra Pradesh, Natural History Society of India and Andhra Bank, R.K. Beach Branch, Visakhapatnam on Thursday 28th February 2019, at VMRDA Children's Arena-Auditorium, Visakhapatnam. More than five hundred students from different schools in Visakhapatnam have participated in the science day celebrations event.

APSAC officials have delivered lectures to the gathering on Introduction to Remote Sensing, Natural Resources Mapping, Remote Sensing support to Disaster Management, Ocean and Meteorological Observations from space, BHUVAN and APSAC GIS web applications. Poster exhibition arranged on Remote sensing applications in the venue along with this unmanned aerial vehicle demonstration conducted to the gathering.
